ABOUT AKOOSHI

Akooshi is an eco-social enterprise focused on providing skills training and economic opportunities to artisans, with a commitment to environmental sustainability.

Akooshi specializes in creating a range of functional and beautiful products from coconut shells. This includes bowls, utensils, jewellery, and various decorative items.

1. Coconut Selection Harmony

Akooshi meticulously selects coconuts from partner plantations and market sources, fostering a sustainable supply chain.

2. Waste Transformation Melody

Collaborating with coconut sellers, Akooshi collects and repurposes discarded coconut shells, minimizing waste and environmental impact.

3. Crafting Rhythm

Our artisans skillfully craft coconut products from these shells, emphasizing resourcefulness and reducing the ecological footprint.

4. Economic and Social Harmony

This circular process not only creates economic opportunities for rural farmers but also nurtures sustainable livelihoods for artisans.

5. Eco-Sustainability Impact

Akooshi's circular approach contributes to environmental conservation by reducing waste and promoting responsible practices.

Customizable Items

Looking for something unique? We offer customization options for a personalized touch. Choose from a variety of customization features to make your products truly one-of-a-kind. Here are a few examples:

Engraving: Add a personal message, name, or special date to your item with our precision engraving services.

Color Customization: Select from a wide range of colors to match your preferences or branding. From vibrant hues to subtle tones, the choice is yours.

Design Modification: Want to tweak the design slightly? Whether it's adjusting proportions, adding embellishments, or incorporating custom artwork, our design team is here to bring your vision to life.

Material Selection: Explore different material options to suit your needs. From premium materials to eco-friendly alternatives, we offer flexibility in material selection for select products.

Packaging Customization: Make a lasting impression with custom packaging options. Personalize the packaging with your logo, message, or branding elements for a memorable unboxing experience.

Our Impact Thesis

At Akooshi, we believe in the power of sustainable entrepreneurship to create positive change in the world. Our impact thesis is built on three pillars:

Economic Empowerment

We provide marginalized communities, particularly refugees, with the skills and resources to create high-quality, marketable products from locally sourced materials. This not only offers a source of income but also fosters a sense of pride and self-sufficiency.

Environmental Stewardship

By utilizing coconut shells, an abundant natural resource often overlooked, we contribute to reducing waste and promoting a more sustainable approach to production. We aim to showcase the potential of these shells beyond their initial purpose.

Cultural Preservation

Through our innovative designs that blend traditional craftsmanship with contemporary aesthetics, we aim to preserve and promote cultural heritage. We celebrate the rich history of coconut usage in various cultures and bring it to a global audience.
